

## More Renovations at Scottsville Plant

The North Addition renovations have been coming along as we move closer to start up of the new tank area.

The Silver Cell has been refurbished and is almost ready to be brought online. We have a stock of silver ready to be put into production in the new Cell soon.

## GM Corner

I hope everyone is enjoying a great summer. We have a lot of projects going on during our summer shutdown; paving, replacing our palladium ovens, duct work repairs, baghouse repairs ... I am hoping that we will come back from the shutdown ready to be even more productive.

I want to remind everyone that COVID Is still with us. We have testing kits in the security building. If you are not feeling well, please test on your way in.

Please stay healthy and enjoy a great summer.

### **Williston News**

Sabin Metal West added a future employee this spring with the help of Wayne and Tory Manista. Faith Elizabeth Manista was born Feb. 9, 2022, at the Williston hospital after keeping her parents waiting for more than 20 years. She trips the balance at **102.9 T/O's!**

Wayne and Tory's little bundle is truly a miracle. The couple have been trying for 24 years to add to their family before being blessed with this little girl.

"She was a miracle baby," Wayne stated. They had given up hope on the doctor route and decided if it was meant to be, it was meant to be. It must have been!

Wayne has been on a Sabin Metal West furnace crew in various capacities for 18 years.

### **Employees News**

Congratulations to **Cathy Bundschuh** (HR) (above left) and **Hillary Shaffer** (Purchasing) (above right), class of 2022 graduates from Roberts Wesleyan College!

This was Cathy's 3<sup>rd</sup> (and final, she claims) graduation: A.S. Business Administration, 2013, B.S. Org. Management, 2016, and now Masters' in Strategic Leadership. She started her Master's program in 2019 and had to juggle work, family and COVID to make it through...and she did it! Now, she's looking forward to a homework free life of camping and cooking (we take samples here at work!)

After Hillary finished her Associates in Business Administration Supply Chain Management, she decided to go on to get her Bachelors' in Organizational Management starting in September 2020. Between family, COVID and keeping Chad in his place, the struggle was real. But, those that know her had no doubt she would do a great job and come out on top. She plans to do a little camping and is considering going on to get her Masters!

Congrats to both of you, you make us all proud!

**Shane Conley** (Security, above) successfully received his certification in operating our new x-ray scanner at the guard shack. **Mike Bennett** (Security, not pictured) also participated in the course.

## Employees News

**George Heath** (Fce Foreman) retired officially on April 2, 2022. George (above left) received his watch from Scott Yarnes (retired – above right). He had 41 years of service at Sabin. Due to Covid there was no formal ceremony.

**Dave Ralsten** (Fce Foreman) also retired on 4/2/22 after 41 ½ years.

**Joe Hendrickson** (HPO) will be officially retired on 7/22/22. Joe (above left) receiving his watch from John Collins (above right). Joe has been with Sabin for 42 years. Best wishes to all.

## Births

On June 18, 2022 **Ryan Matthew States** (above) was born to Grandma **Mara Gallo** (Dept.47) and her husband Carmen. Ryan was welcomed in by his parents Christina & Robert States and big sister Alessandra. He weighed in at **91.1 T/O's**, and was 21 inches long. Best wishes to all.

## Married

Also on June 18, 2022 **Mike Shellman** (Catalyst) married Stephanie Taylor. Congratulations and best of luck.

## Thank You

Ok Great, I would like to thank everyone who helped with this edition of the Nugget. If anyone would like to share Sabin related news, from any of our locations, please contact me, Marty Spoor at the Scottsville Plant {585} 538-2194 ext.267 or [martys@sabinmetal.com](mailto:martys@sabinmetal.com)
