Betsy Gremer - Sabin Metal

Our own Betsy Gremer was featured in the November issue of *IPMI News*. Below is excerpts from the article.

On her final day of college in 1984, Betsy Gremer was very happy to accept a job at Sabin Metal as a Shipping and Receiving clerk. Little did she know that it would become a career of nearly forty years...and counting. It didn't take long for her hard work and eye for detail to get her noticed, but it was Betsy's interpersonal and communications skills that had her receiving promotions. Betsy continued to develop professionally and grew with the company's needs through Accounts Payable, Customer Service and eventually became Sales Staff Liaison. These experiences helped her prepare for the next chapter; Industry Specialist in the Nitric Acid PGM Recovery Department. At the time, this area was completely new to Sabin Metal. Sabin Metal Corporation always held strong family values and a belief in educating their people and promoting from within. Betsy likes a good challenge and believes strongly in old-fashioned sales work.

Etymology The species name *andysabini* is in honor of Andy Sabin for his gracious support of the Lost Sharks project at the Pacific Shark Research Center.

GM Corner

It's hard to believe 2022 is coming to a close. We are still fighting COVID, but it seems that, for the most part, people have overcome it well. I appreciate everyone pitching in to keep productivity moving forward while we have people out for quarantine.

I want to wish everyone a happy and healthy holiday season. Merry Christmas and Happy New Year!

Happy Holidays!

*Happy Holidays from the crew at
Sabin Metal West!*

OPPEGAARD – Trick or Treat! Definitely the night for a real treat for Marck and Ashley Oppegaard with the arrival of Elizabeth Henrietta Oppegaard. She tipped the balance at 88.1 troy ounces. Hopefully she does not turn into a little monster at bedtime! Marck works in the Sabin Metal West crushing department.

KIMBALL – Sabin Metal West congratulates Dakota Kimball and Heaven Scott on the addition of a little nugget their family. Calvin arrived November 7, 2022, and weighed in at 124.837 troy ounces. Dakota works in the furnace area as a floor boss

LAMBERT – Hanging up the badge after nearly 10 years as a Sabin Metal West security guard, Larry Lambert accepts a gold watch from Security Manager Jeff Johnson for more than 12 years to Sabin Metal West. He started in the sampling system before moving to security but now plans to sit back and enjoy life!

BRUSKI – Greg Bruski, seen here receiving a gold watch from Shipping and Receiving Supervisor David Snellings during a party for Greg's retirement. He has served Sabin Metal West in the kiln and shipping and receiving departments throughout his 18 year tenure. Known for building intricate bird houses, he has so far been building relationships with his grandkids during his days off.

Happy Holidays from the Great North!

Retired

Bonnie Steen (Sabin-West) (above) is officially retired again on 12/28/22. She is going to miss everyone and has enjoyed working alongside everyone for 20+ years! Through the ups and downs, she wants everyone to know what a pleasure it has been to work with and know everyone at Sabin. I know we are all going to miss Bonnie, as she has been a rock for Sabin West and across the company. Personally, I have enjoyed working with Bonnie over the years; she has been a joy to know. Good luck, Bonnie, and God bless.
