

## HAPPY HOLIDAYS

### Employee Appreciation Day

On August 19<sup>TH</sup> this year, we celebrated "Employee Appreciation Day" at the Scottsville plant. Food and frivolity was enjoyed by all. There was a management dunking booth, dart game and "Guess Cathy's Age" (Congrats to the winner, Tom B.) A delicious feast also, consisting of a variety of grilled foods, salads, and deserts. Our many thanks to the committee (below) for all their planning & hard work . We all appreciated you for that.

Let the day begin!

Once properly trained he did potatoes pretty good! (above)

Scott Yarnes catching a tan!

Charlie Flickner soaking!

Algis Naujokas was a popular target!

Life under the Big Top!

#### History Note:

**"Wheatland Cave Mushroom Co."** leased unused mine tunnel from the plaster company. They closed after 40 years of operation, making them the longest business to operate on the site, so far. Next Year (2011) Sabin Metal will have been only the second business to operate 40 years on this property.

**“Jungle” Jimmy Hicks**

The biggest topic of late at Sabin Metal West has been Jimmy Hicks (Production Manager) and his fishing trip up the Amazon River as a guest of Andrew Sabin. Jimmy calls it the trip of a lifetime and was very impressed with the fight of the peacock bass (shown bottom left), the beauty of his surroundings, and the opportunity to stand directly on the equator (bottom right, with Andy). He was equally impressed by the people he met living deep within the Amazon rain forest. “They have huge respect for nature.” he told me. “And they own very little, but they don’t care. They seem as content with life as a person can be.”

**The SA-BINS are ready to roll**

Approximately 120 of our new in-house Flo-Bins, which we of course named SA-BINS, are now onsite. These 87 cubic foot containers (shown below left) are now available to our customers for shipment of their spent catalyst.

The SA-BINS can be locked and sealed (below right), and once unloaded from the truck and weighed in will be fed directly to our kiln or sampling system. The SA-BINS are owned by Sabin International Logistics Corporation, and we anticipate they will be a great enhancement to our business.

*Season’s Greetings from all of us to all of you.*

*“May peace and happiness lift the latch to your door”.*

On a more solemn note, 8/8/10 Dan Henderson passed away. Dan was formerly supervisor of Shipping & Receiving at Sabin Metal Corp.(from 11/10/78-12/01/05)in Scottsville. In 2005 Dan became general manager of SILC (Sabin International Logistics Company) from 12/02/05–08/08/10. Dan served Sabin Metal for nearly 32 years. I personally have profited from Mr. Henderson's life, more than most having worked for him for 17 ½ years. I believe one of his friends said it best when she said, "You shall live in the hearts of those who loved you and you will never be forgotten, Rest in peace " (a quote from Dan's guest book @ the D&C) To share more memories go to:
